

Ford Road Blvd

M-153 (FORD ROAD) FROM I-275 TO SHELDON FACT SHEET

The Michigan Department of Transportation (MDOT), Canton Township, and Wayne County are partnering to develop plans for the reconstruction of M-153 (Ford Road) and the Haggerty intersection. This reconstruction project will create a boulevard to reduce crashes and improve traffic flow through the corridor. Both M-153 (Ford Road) and Haggerty Road will be constructed to separate both directions of traffic. The boulevard design will incorporate Michigan lefts/turnarounds to provide safer arrivals and departures to businesses and crossroads. All businesses will remain accessible during construction.

PROPOSED SCHEDULE

- **2024:** Construction on Haggerty Road and temporary widening on M-153 (Ford Road)
- **2025:** M-153 (Ford Road) construction

LIMITS

- M-153 (Ford Road): I-275 to Sheldon
- M-153 (Ford Road)/Haggerty intersection
